### PREREQUISITES

There are no prerequisites for this course.

### MINIMUM TECHNOLOGY REQUIREMENTS

All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate.

The University of Florida expects students entering an online program to acquire computer hardware and software appropriate to their degree program. Most computers are capable of meeting the following general requirements. A student's computer configuration should include:

- Webcam
- Microphone
- Broadband connection to the internet and related equipment (cable/DSL modem)
- Microsoft Office Suite installed (provided by the university)

Individual colleges may have additional requirements or recommendations, which students should review before starting their program.

### MINIMUM TECHNICAL SKILLS

To complete your tasks in this course, you will need a basic understanding of operating a computer and using word processing software.

## PROFESSIONALISM STANDARD

Students are expected to conduct themselves professionally and demonstrate respect and deference to their peers and the instructional team. Offensive language or other inappropriate behavior that causes a deterioration in the quality of the learning environment, as determined by the course instructor, shall result in the offending student(s) receiving a final grade penalty of 2%. Professionalism involves each of the following:

### ▸ Respect for Others

A professional strives to understand the differences among classmates and colleagues, provides fair constructive feedback when asked to evaluate others, contributes equitably in group work, and is punctual and avoids disrupting the learning and work environment. Professionals respect others' expectations of confidentiality and privacy.

### ▸ Commitment to Quality

A professional aims for the highest possible standard of performance and endeavors to produce work in which he or she can take true pride.

### ▸ Responsibility

A professional takes responsibility for his or her own progress by being prepared for classes, labs, meeting, and other activities. A professional also takes responsibility for his or her actions with care for consequences that might evolve and for how their actions will affect others.

### ▸ Personal Integrity

Professionalism is reflected by the extent to which others can rely upon you. A professional can be counted on to follow through on commitments, avoid conflicts of interest and bias, and adhere to the rules of organizations with which they are involved, such as the University of Florida.

Whether in-person or online, you should always dress appropriately for the occasion. As it applies to this course, it is expected that you will be properly dress as if you were attending classes in on campus in a classroom - usually casual dress attire unless informed otherwise. This also applies during virtual meetings (such as on Zoom, Skype, or Teams).

Improper or revealing attire will result in disciplinary action, including course grade penalties. Repeated or multiple violations of any nature is subject to dismissal from the course and assigning a final grade of zero for the course.

### GRADING POLICY

#### COURSE GRADING POLICY

The list below shows the categories of grade items and their assigned points which make up your final grade in the course:

Grade Item (Qty)	Grading Point Values	Assignment Points Each
Assignments (10)		100
Quizzes (14)		50
Discussions (12)		20
Project (5)		100
Exams (4)		200

#### GRADING SCALE

The following grading scheme will be used in this class:

Grading Scale

Letter Grade	Grade % Range
A	100 to 94.00%
A-	< 94.00% to 90.00%
B+	< 90.00% to 87.00%

C	< 77.00% to 74.00%
C-	< 74.00% to 70.00%

D-	< 64.00% to 61.00%
E	< 61.00% to 0.00%

Grades will be calculated based on the total possible points of all grade items combined. For additional information regarding grades and grading policies set by the University of Florida, refer to the Undergraduate Catalog under the section for Academic Regulations.

See the [current UF grading policies \(https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx\)](https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx) for more information.

## Grading Scale

### ▸ Grading Errors

Grading errors must be brought to the attention of the teaching team (instructor and teaching assistant(s)) within ten business days of the grade item being posted on Canvas. It is quick and easy to submit a regrading request. All you need to do is to [submit a request via email to your teaching team specifying which grade item needs attention and a brief justification for grading review](#). All requests to have grading reviews will open the entire assignment for a full review. Any other grading errors shall be corrected which may increase or decrease the final assignment grade. After ten business days, the opportunity for grade corrections is forfeited and the assigned grade will remain permanent. Therefore, please do not wait until the end of the semester to request a regrading request as such requests will be denied.

### ▸ Late Work

All submissions must be submitted on time according to the Canvas system clock in Eastern Time (consistent with UF main campus). Any submission after the posted deadline is considered late. Late work is not accepted after the posted deadline has passed. However, in the event an assignment deadline has passed and students are unable to submit their work, the grade item drop policy still applies! The grade item drop policy is explained in the following section. Submitting work early is highly encouraged! Students are responsible for any technical difficulties or technological issues preventing successful on-time submission of classwork (including scheduled Canvas system maintenance). Be sure to submit assignments before the deadline. Contact information for the E-Learning Technical Support is provided under the Campus Resources section. If you are experiencing technical difficulties, you are expected to refer to the Gator Help Desk immediately in order to receive a timestamped email with your support ticket.

### ▸ Grade Item Drops

Special, unpreventable, or extenuating circumstances understandably arise over the course of the semester. **Students are permitted to drop, for any reason, one grade item from the assignment, quiz, discussion, and exam grade categories for a total of 4 items dropped.** For example, if there are 11 assignments, then only the 10 highest graded items will apply to the final grade and the lowest assignment grade will be omitted. All items in the project category are required and no drops are provided.

The following are some examples of allowable use scenarios for grade item drops: bereavement, travel, technical difficulties, late submissions, medical emergencies, family emergencies, sickness, unpaid utilities, roommate issues, internet outages, broken computers.

Students do not need to inform the teaching team in order to exercise this option. In order to take advantage of grade item drops, students simply do not submit the grade item of their choice. Once the submission window has closed, the student will receive zero points for the grade item which will later be left out of the final course grade calculation. Final grades will be calculated once at the conclusion of the semester.

### ▸ Extra Credit

Extra credit may be awarded to students at the instructor's discretion. Any opportunities for extra course credit is optional and does not negatively impact the grade of any student. The student is allowed to waive the opportunity to complete any extra credit assignment, if they choose to do so, without any penalty. Assignments may extend beyond the scope of this course and rely on the student's own information gathering (such as outside research or searching for information using an internet search engine) in order to complete assignments. Extra credit assignments may require a specified level of class participation in order to be awarded. Late submission of any extra credit course activity will not be accepted and no deadline extensions will be given, unless otherwise noted in course announcement. No extra credit bonus points will be awarded after the last day of classes (class end dates are [set by the UF Registrar](https://catalog.ufl.edu/UGRD/dates-deadlines/) and occurs immediately before reading days and final exams week). Extra credit will not be factored into any grade calculations during the course until the conclusion of the semester. Bug Bounty: Any individual student can earn 1/2 point for being the first to document and submit a typo or error on any Canvas course page by providing (by no later than last day of classes): (1) a screenshot with the typo or error highlighted, (2) a link to the Canvas page, and (3) a proposed correction to clarify the typo or error found. Bug Bounty related extra credit is awarded up to a maximum of 50 points (not to exceed

maximum points possible) and is a component of the assignments grade category. Submissions should be sent via email to the teaching assistant with the instructor in the CC line.

## UF POLICIES

### UNIVERSITY POLICY ON ACCOMMODATING STUDENTS WITH DISABILITIES

Students with disabilities requesting accommodations should first register with the [Disability Resource Center](https://disability.ufl.edu/) (352-392-8565) by providing appropriate documentation. Once registered, students will receive an accommodation letter that must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

### UNIVERSITY POLICY ON ACADEMIC CONDUCT

UF students are bound by The Honor Pledge, which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity by abiding by the Honor Code." On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment." The [Student Honor Code and Student Conduct Code](https://sccr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

### PLAGIARISM

The [Student Honor Code and Student Conduct Code](https://sccr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/) states that:

"A Student must not represent as the Student's own work all or any portion of the work of another. Plagiarism includes but is not limited to:

- Stealing, misquoting, insufficiently paraphrasing, or patch-writing.
- Self-plagiarism, which is the reuse of the Student's own submitted work, or the simultaneous submission of the Student's own work, without the full and clear acknowledgment and permission of the Faculty to whom it is submitted.
- Submitting materials from any source without proper attribution.
- Submitting a document, assignment, or material that, in whole or in part, is identical or substantially identical to a document or assignment the Student did not author."

## NETIQUETTE AND COMMUNICATION COURTESY

It is important to recognize that the online classroom is in fact a classroom, and certain behaviors are expected when you communicate with both your peers and your instructors. These guidelines for online behavior and interaction are known as netiquette.

Security   **General Guidelines**   Email   Discussion Boards   Zoom

Remember that your password is the only thing protecting you from pranks or more serious harm.

- Don't share your password with anyone.
- Change your password if you think someone else might know it.
- Always log out when you are finished using the system.

When communicating online:

- Treat the instructor with respect, even via email or in any other online communication.
- Always use your professors' proper title: Dr. or Prof., or if you are unsure use Mr. or Ms.
- Unless specifically invited, don't refer to a professor by their first name.
- Use clear and concise language.
- Remember that all college-level communication should have correct spelling and grammar.
- Avoid slang terms such as "wassup?" and texting abbreviations such as "u" instead of "you."
- Use standard fonts such as Times New Roman and use a size 12 or 14 point font.
- Avoid using the caps lock feature AS IT CAN BE INTERPRETED AS YELLING.
- Limit and possibly avoid the use of emoticons like :).
- Be cautious when using humor or sarcasm as tone is sometimes lost in an email or discussion post and your message might be taken seriously or be construed as being offensive.
- Be careful with personal information (both yours and others).
- Do not send confidential information via email.

When you send an email to your instructor, teaching assistant, or classmates:

- Use a descriptive subject line.
- Be brief.
- Avoid attachments unless you are sure your recipients can open them.

- Avoid HTML in favor of plain text.
- Sign your message with your name and return email address.
- Think before you send the email to more than one person. Does everyone really need to see your message?
- Be sure you REALLY want everyone to receive your response when you click, "Reply All."
- Be sure that the message author intended for the information to be passed along before you click the "Forward" button.

When posting on the discussion board in your online class:

- Check to see if anyone already asked your question and received a reply before posting to the discussion board.
- Remember your manners and say please and thank you when asking something of your classmates or instructor.
- Be open-minded.
- If you ask a question and many people respond, summarize all posts for the benefit of the class.
- When posting:
  - Make posts that are on-topic and within the scope of the course material.
  - Be sure to read all messages in a thread before replying.
  - Be as brief as possible while still making a thorough comment.
  - Don't repeat someone else's post without adding something of your own to it.
  - Take your posts seriously. Review and edit your posts before sending.
  - Avoid short, generic replies such as, "I agree." You should include why you agree or add to the previous point.
  - If you refer to something that was said in an earlier post, quote a few key lines so readers do not have to go back and figure out which post you are referring to.
  - Always give proper credit when referencing or quoting another source.
  - If you reply to a classmate's question make sure your answer is correct, don't guess.
  - Always be respectful of others' opinions even when they differ from your own.
  - When you disagree with someone, you should express your differing opinion in a respectful, non-critical way.
  - Do not make personal or insulting remarks.
  - Do not write anything sarcastic or angry, it always backfires.
  - Do not type in ALL CAPS, if you do IT WILL LOOK LIKE YOU ARE YELLING.

When attending a Zoom class or meeting:

- Do not share your Zoom classroom link or password with others.
- Even though you may be alone at home, your professor and classmates can see you! While attending class in your pajamas is tempting, remember that wearing clothing is not optional. Dress appropriately.
- Your professor and classmates can also see what is behind you, so be aware of your surroundings.
- Make sure the background is not distracting or something you would not want your classmates to see.
  - When in doubt use a virtual background. If you choose to use one, you should test the background out first to make sure your device can support it.
  - Your background can express your personality, but be sure to avoid using backgrounds that may contain offensive images and language.
- Mute is your friend, especially when you are in a location that can be noisy. Don't leave your microphone open if you don't have to.
- If you want to speak, you can raise your hand (click the "raise hand" button at the center bottom of your screen) and wait to be called upon.

## TIPS FOR SUCCESS

Taking a course online can be a lot of fun! Here are some tips that will help you get the most of this course while taking full advantage of the online format:

- Schedule "class times" for yourself. It is important to do the coursework on time each week. You will receive a reduction in points for work that is turned in late!
- Read ALL of the material contained on this site. There is a lot of helpful information that can save you time and help you meet the objectives of the course.
- Print out the Course Summary located in the Course Syllabus and check things off as you go.
- Take full advantage of the online discussion boards. Ask for help or clarification of the material if you need it.
- Do not wait to ask questions! Waiting to ask a question might cause you to miss a due date.
- Do your work well before the due dates. Sometimes things happen. If your computer goes down when you are trying to submit an assignment, you'll need time to troubleshoot the problem.
- To be extra safe, back up your work to an external hard drive, thumb drive, or through a cloud service.

## HONORLOCK ONLINE PROCTORING

In order to maintain a high standard of academic integrity and assure that the value of your University of Florida degree is not compromised, course exams will be proctored. Some students will take their exams online and will be proctored by Honorlock. You will take your exam electronically using the course website. You **do not** need to register for your exam. However, you will need to have installed and enabled the Google Chrome Honorlock extension prior to taking your exams. You will need a webcam, speakers, microphone, laptop or desktop computer, and a reliable internet connection to take your exams. Wireless internet is not recommended. You may also need a mirror or other reflective surface. Google Chrome is the only supported browser for taking exams in Canvas.

### BEFORE YOUR EXAM

Prior to each exam and in the same environment you plan to take the exam, review the [Honorlock Guidelines](https://static.honorlock.com/assets/2017/students/HonorlockGuidelines.pdf) (PDF), and go to [Honorlock Support](https://honorlock.com/support/) to run a system check. This process takes just a few minutes and is completely free. If your course offers an Honorlock Practice Quiz, it is strongly recommended that you take it to practice using Honorlock before your exams.

**Important:** If you are unable to take an exam because of a technical glitch on your end, that is your responsibility. However, if you do experience technical difficulties during the exam, Honorlock's support menu will be visible on-screen for you to contact a support agent.

### GETTING HELP

Honorlock offers 24/7/365 technical support to assist students before, during, and after exams.
