**Attendance**

Attendance is important. The student’s success in this class will be dependent upon their participation and the amount and quality of effort expended. Students will be held responsible for material covered in class. Absences can be costly. **Roll will be taken.** As a courtesy to fellow students and the instructor, students are expected to arrive on time. If the student cannot arrive on time because of extenuating circumstance, the student is strongly encouraged to meet with the instructor during the first week of classes. Students engaged in officially sanctioned University of Florida activities are encouraged to provide this information to the instructor during the first week of classes.

Students are allowed two unexcused class absences. This policy does not apply when guest lecturers are scheduled. Students with more than two unexcused class absences will be dropped a **one-half a letter grade.** Students with more than three late arrivals will have five (5) points deducted from the final class grade. Attendance and on-time arrival will account for 5% of the student's grade.

**Lids Down/Messaging Policy**

Laptops are not permitted to be used in class. Text messaging, cell phones and other forms of cyber communication are not to be used in class and must be turned off prior to class and during exams. **TEXT MESSAGING WILL NOT BE ALLOWED IN CLASS! TEXT MESSAGING IN CLASS WILL COUNT AS AN UNEXCUSED ABSENCE.**

No individual student will be given the opportunity to earn extra credit or bonus points unless the opportunity is extended to all students.

Services for Students with Disabilities

The Disability Resource Center coordinates the needed accommodations of students with disabilities. This includes registering disabilities, recommending academic accommodations within the classroom, accessing special adaptive computer equipment, providing interpretation services and mediating faculty-student disability related issues. Students requesting classroom accommodations must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the instructor when requesting accommodation.

In order to provide timely assistance to the student, students requiring classroom accommodations are encouraged to provide documentation to the instructor within the first two weeks of class.

Academic Honesty

As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge: “We the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.” You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.”

It is assumed that you will complete all work independently in each course unless the instructor provides explicit permission for you to collaborate on course tasks (e.g. assignments, papers, quizzes, exams). Furthermore, as part of your obligation to uphold the Honor Code, you should report any condition that facilitates academic misconduct to appropriate personnel. It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action. For more information regarding the Student Honor Code, please see: http://www.dso.ufl.edu/sccr/process/student-conduct-honor-code

Online Course Evaluation Process

Student assessment of instruction is an important part of efforts to improve teaching and learning. At the end of the semester, students are expected to provide feedback on the quality of instruction in this course using a standard set of university and college criteria. These evaluations are conducted online at https://evaluations.ufl.edu. Evaluations are typically open for students to complete during the last two or three weeks of the semester; students will be notified of the specific times when they are open. Summary results of these assignments are available to students at https://evaluations.ufl.edu/results

Campus Helping Resources

Students experiencing crises or personal problems that interfere with their general well-being are encouraged to utilize the university’s counseling resources. The Counseling & Wellness Center provides confidential counseling services at no cost for currently enrolled students. Resources are available on campus for students having personal problems or lacking clear career or academic goals which interfere with their academic performance.

*updated Fall 2013*
I have read and understand the provisions of the course syllabus and agree to abide by those provisions, including the University of Florida’s academic honesty guidelines.

**Academic Honesty**

As a result of completing the registration form at the University of Florida, every student has signed the following statement:

“We, the members of the University of Florida Community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity. On my honor, I have neither given nor received unauthorized aid in doing this assignment.”

**Software Use**

All faculty, staff and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate.

We, the members of the University of Florida Community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.
