Introduction

Hello, my name is _____. I am conducting a survey for a University of Florida research project about the foods that people eat. May I ask you a few questions about foods you ate last week? It will take about 5 to 10 minutes.

Screener and Household Composition

S1. Before we talk about foods, I would like to have some basic information about your household. A household includes you and the people who regularly live with you, regardless of their relationship with you, such as your roommate or friend. How many people are there in your household, including yourself and all children?

____ (Number)

S2a,b,c, What are their first names? What are their ages? Are they male or female? Let's start with you.
 [ENTER '888' FOR D.K. AND '999' FOR REFUSAL:]

Away-from-Household-Prepared Consumption

- Q1. First of all, I would like for you to think very carefully about all meals and snacks you may have eaten during the past 7 days, starting from last _____ until mid-night last night, that were prepared outside of your household. A meal or snack prepared outside of your household includes any meal or snack that was not prepared in any way by someone who regularly lives with you. For example, a fast-food order, a prepackaged and ready-to-eat meal, or a TV dinner is a meal or snack prepared outside of your household.**

Such meals or snacks may have been eaten at restaurants, your home, friends' homes, cookouts, etc. During the past 7 days, did you eat any meals or snacks that were not prepared in your household? [circle answer]
