For general information about grading and grading policy at the University of Florida, please refer to: <https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>

Exams

There will be **three in-class exams** during the semester. Each exam is worth 20% of your grade. The exams may consist of multiple choice, problem-solving, and short answer questions. The exams may be based on material covered in class, material from the textbook, or concepts implied by the material covered. The exam dates are tentatively scheduled as follows:

- **Exam 1: September 22, 2016**
- **Exam 2: October 27, 2016**
- **Exam 3: December 14, 2016**

Note: Posted exam dates are subject to change, it is your responsibility to listen to class announcements and check e-Learning for any changes in exam dates.

Exam Day Policy

The exams are closed book and closed notes. You are allowed **(and will need)** to use a calculator on exams **(DO NOT FORGET TO BRING YOUR CALCULATOR TO EXAMS)**.

It is expected that all students are on-time to exams. Please arrive early, if possible, to get seated and get your books/bags stowed away so that the exam can start as promptly as possible. You may leave the class after 20 minutes. **NO ONE WILL BE ALLOWED TO ENTER THE CLASSROOM TO BEGIN THE EXAM AFTER THE FIRST STUDENT HAS TURNED IN THEIR FINISHED EXAM.**

If you miss an exam because you are participating in a University of Florida sponsored event, you may make up an in-class exam only if you bring your documentation to your instructor PRIOR to the event (at least 7 days prior to a scheduled exam). Email documentation is **NO LONGER** enough. You need to bring a printed mail from the corresponding event organizers or association.

If you miss an exam for any reason other than a University of Florida sponsored event (excused or unexcused) you need to provide valid documentation for an emergency. For example, if you miss the exam due to a medical reason, the doctor's note should clearly state that you were not in a position to attend class that day. For a family emergency, you should obtain proper documentation from the Dean of Students Office. **Any such documentation must be presented within 3 days of the exam.**

Homework

There will be **eight homework assignments** given throughout the semester. These assignments will give you an opportunity to become familiar with the subject. It is not possible for you to earn an "A" in this course without doing well on these assignments.

Homework is due Thursday at the beginning of class. ONLINE HOMEWORK SUBMISSIONS ARE NOT ACCEPTED. It is your responsibility to submit assignments on time and follow the instructions for the assignment submission. Your grade for each assignment is determined by the quality of your work. Just submitting an assignment is not sufficient to get a good grade. **Late assignments will receive half credit.**

General Grading Information

The material taught in this course is best learned through examples. The more problems you attempt (and complete) the better you will learn the material and the greater the chance you will receive a good grade in the class. That is why there will be a significant number of homework assignments (8). In addition, suggested problems will be assigned for each textbook chapter covered during the semester. **Suggested problems will not be turned in for a grade, however it is in your best interest to complete these problems as approximately 25% of the questions on each in class exam will come directly from the suggested problems and the homework (the breakdown will be at the instructor's discretion).** It is also in your best interest to attend class as any **extra credit opportunities will occur in class.**

OTHER COURSE POLICIES

Re-grade Policy

If you have a question about the grading of your assignment and/or exam, you must contact me immediately. If you believe there has been a grading mistake, you can appeal points that you earned in an assignment and/or exam (i.e., get more points). **To appeal, you must state your case in writing within one week of the day I hand back the assignment or exam** (regardless of when you pick it up). Turn the entire assignment or exam in, along with a written description of your concern and your expected resolution of the problem. Be aware that when you do this, I will **re-grade the entire assignment or exam** (thus you must turn the original back in).

Class Attendance

I believe that regular attendance is necessary for students to obtain maximum benefit from the course. However, I will not take a role in the class. Class attendance is required in the sense that you will be responsible for all material covered and all reading material assigned. I will not provide copies of my notes that are covered in the class but are not posted on e-Learning. Please make arrangements with your classmates to get the notes if you miss any class.

Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found at:

<https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>

Expected Class Behavior

You are expected to participate in the class activities, ask, and answer questions. Cell phones are to be turned off and put away. No texting is allowed during class. Please be courteous to your fellow students and me by coming to class on time and not disrupting class (talking to other students during lectures, bothering other students, etc.)

SUPPLEMENTAL INFORMATION

Services for Students with Disabilities

The Disability Resource Center coordinates the needed accommodations of students with disabilities. This includes registering disabilities, recommending academic accommodations within the classroom, accessing special adaptive computer equipment, providing interpretation services and mediating faculty-student disability related issues. Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the instructor when requesting accommodation. Please use the following contact information for these resources:

0001 Reid Hall, 352-392-8565, www.dso.ufl.edu/drc/

Course Evaluation Process

Students are expected to provide feedback on the quality of instruction in this course based on 10 criteria. These evaluations are conducted online at <https://evaluations.ufl.edu>. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at <https://evaluations.ufl.edu/results>.

Software Use

All faculty, staff and students of the university are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against university policies and rules, disciplinary action will be taken as appropriate.

Academic Honesty

Academic dishonesty is defined as any behavior, active or passive, which attempts to subvert the legitimate teaching, learning, or testing of a subject. It includes, but is not limited to the following:

- cheating on an examination, using notes or other methods;
- assisting or allowing another student to cheat on an examination;
- submission of work that is not the authentic creation of the student (plagiarism, use of purchased term papers, etc.);
- providing false excuses for missing a scheduled examination;
- enabling the cheating or other academic dishonesty of another student;
- altering an examination after it has been graded to claim a better grade is deserved;
- obtaining examinations in advance of the scheduled exam, unless offered by the professor.

UF students are bound by The Honor Pledge which states, “*We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code.*” On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “*On my honor, I have neither given nor received unauthorized aid in doing this assignment.*” The Honor Code (<https://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are

obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

The penalty for any incidence of academic dishonesty is, as a minimum, a failing grade on the examination or assignment. If, in the professor's opinion, the offense deserves a more severe penalty, failure in the course may be the imposed penalty. In particularly egregious cases, the professor may ask the College to dismiss the student and refuse the student further enrollment rights at the College.

It is in your best interests to avoid even the appearance of any questionable behavior.
